

OSA-0337-64

23 JAN 1964

MEMORANDUM FOR THE RECORD

SUBJECT: Assignment of Air Operations NCO'S

1. On 22 January 1964, MMPD communicated to PE/OSA that two Air Ops NCO's were cleared and could receive PCS travel instructions when approved by [] of Main Personnel. Because one of the cleared NCO's was originally programmed for Headquarters and one NCO was originally programmed [] it was recommended by MMPD that a firm decision be passed back to MMPD from OSA as to what unit would receive these two NCO's. [] has had two vacancies in this field for the past 15 months. Headquarters has an NCO departing during the summer of 1964.

2. On 22 January 1964, I attended a meeting I requested. Also, in attendance at this meeting were [] I attempted to have audience with []; however, he was absent TDY. As the acting D/FA/OSA, [] decided to send one NCO to [] PCS. The other NCO would come to Headquarters PCS. Net result: one remaining vacancy at []

3. I explained that under no circumstances could I promise when a forthcoming NCO would be cleared to send to [] and that MMPD explicitly said that if we did not fulfill the requirements at [], MMPD would not desire to receive any more communication requiring expeditious action in the matter of Air Ops NCO's at [] as they (MMPD) had finally furnished us with two cleared NCO's and there are two vacancies at [] and no vacancies at Headquarters.

4. I also explained to [] that a [] had been interviewed personally by one of [] Air Ops NCO's and that [] had become, in the eyes of [] the outstanding Air Ops NCO that they wanted. I went further to say that under no circumstances would I declare [] uncleared as yet, as a firm input, as I claim no candidate as firm until he is finally cleared.

DOCUMENT NO.

SECRET
